How much do I need to pay & how can I pay for my website?

Simple Web designs on line helps you create a simple and unique website that will help your company have web presence by placing your company on the World Wide Web.

OUR GOAL:

Our goal is to help you to design your simple and unique website to suit your purpose without breaking your pocket. The designs contain basic 4-5 pages static websites with your unique content-logo, pictures and wordings. Hosting for one year, monthly / quarterly update of content and one email address is included in your total simple web design cost.
